EAT + COOKING

JAPAN

ダイドコ
イイコト
イイトコ

Enjoy for both cooking and eating. The concept connects "EATing to COoking"
Our goal is to create utensils that ensure uninterrupted enjoyment and ease from the kitchen to the dining table. This notion inspired the creation of the "EAtoCO" series.

E A ト C O = EAtoCO = EAT + COOKING = ト Japanese KATAKANA

Tolu spatula

A spatula that can slide smoothly under food without spoiling the food's shape. It's made from a thin, supple stainless steel, and can flip hamburgers. It can also cut things like terrines and cakes without destroying their shape. Because it's stainless steel, it's also very sanitary.

AS0038 Tolu JAN 4979487 310383

Tolu spatula
Dimensions: W45 x D15 x H240 mm
Material: stainless steel
MADE IN JAPAN

Cutlery Hasami

Cutlery Kitchen Scissors

Cut your foods easily at the table. Easy to grip, easy to exert pressure, the entire surface is bent into a figure, making it easy to cut food in the dish. Can be dismantled. A special carrying case is included for outdoor dining. For children and the elderly, it makes it easy to cut up food portions into smaller sizes at the dining table.

AS0058 Cutlery Hasami
JAN 4979487 310581

Yasum tool rest

A tool rest that allows you to quickly place and retrieve cooking utensils without making a mess around. You can place cooking utensils such as chopsticks, tongs, spatulas, and ladles. Its shape blends well when placed on the table during cooking with pots or griddles. It's easy to clean and can be used hygienically. Dishwasher safe.

AS0063 Yasum JAN 4979487 310635

Dimensions : W85xD85xH40mm

Material : 18-8 Stainless Steel

MADE IN JAPAN

Saku green onion cutter

A green onion scallion negi cutter that allows you to easily slice green onions thinly. It features a specially developed comb blade that slides along the fibers.

Simply rotate the green onion while repeating the motion to quickly slice it thinly. The handle is easy to grip and apply force to. It's less likely to clog, and maintenance is also easy. Dishwasher safe.

Oros S grater Small

Small but effective: the mini grater. Grate condiments like ginger and garlic right at the dining table to enjoy them as fresh as they can be. The mini grater also makes preparing fresh ginger tea a breeze.

AS0040 Oros S JAN 4979487 310406

Oros grater Small

Dimensions: W47xD120xH12mm

Material: stainless steel MADE IN JAPAN

Oros grater

Uniquely formed grater beautiful enough to be used at the table. An elegant tray-like grater that is stylish enough to be presented at the dinner table to grate fresh condiments directly on to the dishes served. A simple concaved form holds the grated ingredients in place while allowing control when adding them to food such as soup.

AS0012 Oros JAN 4979487 310123

Oros grater

Dimensions: W47xD202xH12mm

Material: stainless steel MADE IN JAPAN

Oros L grater Large

Firmly placed teeth allows for grating various food items with ease. From daikon radish to cucumber, create some chilled soup or a fresh dressing right at the table. The grater is non-slotted and with little tilting, extra juice can be easily drained. The teeth are generously sized to prevent food particles from being stuck making cleaning very easy.

AS0031 Oros Large JAN 4979487 310314

Oros grater Large

Dimensions: W70xD200xH15mm

Material: stainless steel MADE IN JAPAN

Oros handy grater

Grating fresh condiments into your dishes is a breeze with this handy tool. Add more flavor to your food with freshly grated cheese or aromatic lemon zest. Stand it up on the side or hook it over the side of a bowl.

AS0042 Oros handy

Saibashi tongs

This quality tong has the tip align precisely when held together holding food pieces firmly and with ease. With its narrow chopstick-like body, creating a detailed food presentation can be performed with ease. Made of stainless steel, the tong is durable enough to be used as utensil for deep-frying and the handle features a small gap that can be used like a hook to keep itself in place when placed against a container edge.

Subtle hook detail at live hinge keeps the tongs in place.

Suqu serving spoon

Simple spoon both useful for serving or as a cooking utensil.
The spoon's rounded tip and subtle curve makes gathering food easier even when reaching the inner edge of the serving container. An effective serving tool is also useful as a cooking utensil. The spoon also features a hook form at the handle to hold itself at the edge of a cookware or a serving bowl.

Subtle hook detail at live hinge keeps the tongs in place.

Hasam tongs

Hold, drain, scoop, an innovative multi-functional tong. With the right stiffness and easy-grip handle, picking up food seems effortless with the tongs. Shaped like two spoons, one side can be used to scoop up juice while the other side with three slots can be used effectively to drain off unwanted liquids with ease.
